Now that India has obtained her long cherished freedom, a new era of trade and industrial activity is in store for her. During the last 70 years of our business career, we have acquired considerable knowledge and practical experience which has placed us in a very favourable position whereby we can get for you the right kind of goods at the right time, right from the Manufacturers and Shippers at their prices direct to your godowns. We make no inflation in the Manufacturers' or Ship-mer's prices. Following our policy of close attention to the needs of the market, we are now able to attend to enquiries for every conceivable type of merchandise ranging FROM PIN TO PLANE AND PULLEY TO POWER HOUSE. We have satisfactory representations and connections in all Ports of the World and to name only a few we give below names of some of the firms with whom we have business connections and the merchandise they handle:

EXPRESS: We have tremendous enquiries from our foreign friends for Indian Merchandise and interested parties may do well to contact us with quotations and samples wherever possible. The same will have our earnest attention.

FOR ATTENTION STAMP COLLECTORS: A good collection of Postage Stamps numbering several lakhs in different varieties and different value representing the collection of the past three decades belonging to different countries in the world is available. Parties willing to take the whole lot are requested to contact us immediately.
